

Acknowledgment to reviewers

The editors of *Pedosphere* would like to sincerely acknowledge the continuous support of the reviewers listed below, who returned at least one review during the period from January 1, 2021 to December 31, 2021. These reviewers provide the editors with timely, thoughtful, and detailed reviews that are also enormously helpful to authors, encourage revision, improve manuscripts, and enhance level of the research published in the journal. Some of them complete several high-quality reviews and will be honored as the best reviewers of the year.

The Editorial Committee of *Pedosphere* relies on the wisdom, experience, and advice of many experts in deciding which topics to pursue, which manuscripts to publish, and what modifications to make to ensure scientific accuracy and suitability for readers of the journal. We appreciate the critical evaluation, constructive comments, invaluable assistance, and selfless dedication of the reviewers. Special thanks for timely high-quality reviews guiding selection for priority publication of excellent papers that cover current hot topics and advances of global soil science research and those on topics at the frontier of soil science and related fields. We apologize for any errors or if we have inadvertently left a reviewer's name off the list below although efforts have been made to ensure the accuracy of this list.
